Training, Tutoring and Assessment

The whole programme takes a minimum of 12 months to complete, at which point your apprentice can start their end point assessment. The pace at which the apprentice progresses will be driven by you and the apprentice. We will work closely with you to plan and deliver appropriate support and training. Your apprentice will mainly learn on the job, but training and one-to-one tutoring are a key part of the new apprenticeship standards, not just assessment, with more time on tutoring as part of the off-the-job training. Training and tutoring are delivered in the workplace with no requirement to attend the College.

You will carry out joint reviews with us at regular intervals to discuss progress. You can use your normal performance management processes to monitor the progress of the apprentice, provide feedback and guide development. Your apprentice will be expected to keep a portfolio to track their learning and development throughout the apprenticeship.

End Point Assessment

In conjunction with the College, you will be asked to formally sign-off that the apprentice has met the minimum requirements for knowledge, skills and behaviours within the apprenticeship standard and confirm they are ready to move on to the end assessment, which will be measured as follows:

On Demand Test – A two-hour test made up of multiple choice questions covering the core knowledge, behaviours and skills detailed above.

Practical Observation – The four-hour observation will take place in your workplace, and the apprentice will demonstrate skills in all core areas as well as their specialist area.

Business Project – This will focus on an opportunity/challenge/idea which the apprentice considers will make an improvement to your business. The apprentice is expected to gather and review information and make recommendations to management in a 2,000-5,000 word report.

Professional Discussion – Once the first three assessments are complete, the apprentice can move onto the professional discussion, which will take 90 minutes. You will be present to support the apprentice and confirm information. The assessor will ask questions relating to the period of learning and development as well as personal growth and reflection.

For more information on the assessment for Hospitality Team Member please see the full assessment plan in the Apprenticeship Standard documentation. We will arrange the end point assessment.

Apprentice Entry Requirements

As the employer you can set your own requirements. Apprentices without Level 1 English and maths will need to achieve this Level, as well as take the test for Level 2 English and maths prior to taking the End Point Assessment. We will arrange the tutoring for these qualifications where required.
